

RISK CONTROL PERFORMANCE REVIEW

OBJECTIVES

- Staff will review six month loss performance data and develop improvements as needed

The county embarked on the Risk Awareness Program (RAP) 1 ½ years ago. We experience excellent results in year one, and promoted continuous improvement in year two. At this time, we are at the year two six month mid-year review point. The initiative was instituted into every department, now we will revisit our goals to evaluate our performance and make improves as necessary to achieve our goals for the year. Overall, the county is doing an excellent job in loss reduction and every employee should be commended.

GOALS

The county set the following goals:

- The county averaged _____ Multi-Line claims per year for the past three years; our goal is to reduce Multi-Line claims by _____ or _____%. Multi-line claims include general liability, civil rights, property damage, and land use. Since implementation of RAP, we have experienced _____ Multi-Line claims and thus are on target to meet our goal.
- The county averaged _____ Workers' Compensation claims per year for the past three years; our goal is to reduce injuries by _____ or _____%. Since implementation of RAP, we have experienced _____ injury claims and thus are on target to meet our goal.
- The county averaged _____ Auto claims per year for the past three years; our goal is to reduce Auto claims by _____ or _____%. Since implementation of RAP, we have experienced _____ Auto claims and thus are on target to meet our goal.
- The county averaged _____ Law Enforcement Liability claims per year for the past three years; our goal is to reduce Law Enforcement claims by _____ or _____%. Since implementation of RAP, we have experienced _____ Law Enforcement Liability claims and thus are on target to meet our goal.

CLOSING

- *Encourage discussion about the program, county goals, and improvements the county can make to achieve goal success, particularly employee safety.*
